

## **SHARON RECREATION AND YOUTH**

### **TENNIS PROGRAM**

Sharon Recreation and Youth offers a summer tennis program that provides and introductory experience to tennis but also is able to provide an instructor for those who may wish take on advance instructions. We have tapped in to local instructors who have been very effective at creating a lot of enthusiasm for the game of tennis. The classes offered are group lessons which are held at the town tennis courts at Veterans' Field.

The sessions are comprised of six, one hour classes held over two weeks on M/W/F's. We offer two sessions each summer. Each summer we have found that by offering these classes later in the day, 5-7pm, youths can take advantage of other programing offered earlier in the day and also we miss the peak heat hours of midafternoon. Please refer to the tennis registration form for this summer's class dates.
